Professional Experience

Heala Tech - Frontend Engineer intern
2022 June - 2023 June

Key responsibilities:

- Conducted thorough testing of new builds to ensure a bug-free user experience.
- Collaborated closely with team leads in the development of new web-based projects.
- Worked with the tech team as assistant to the Project Manager, ensuring timely delivery and effective coordination.
- Acted as a liaison between product and tech teams to align technical implementation with product vision.
- Proposed and implemented innovative ideas to enhance application functionality and UI/UX.

Tech Edu - Frontend Tutor

2024 - Present

Key responsibilities:

- Taught the fundamentals of frontend technologies to aspiring developers and tech enthusiasts.
- Collaborated with backend developers to create hands-on projects for students.
- Bridged the gap between theoretical concepts and real-world applications.
- Improved the company's website by creating a student's portal so as to provide study materials for students.

Freelancing - Frontend Developer/Project Manager
2023 - Present

Key responsibilities:

- Assembled and led a team to deliver freelancing projects for clients.
- Developed dynamic, responsive web applications tailored to client needs.
- Managed project timelines, resources, and client communications.
